The new Audi A6 allroad

Pricing and Specification Guide

Valid from October 2014

Personalising your Audi A6 allroad

This guide has been designed to help you tailor and price your Audi A6 allroad quickly and logically. At the back, you will find information on CO_2 emissions-based taxation and the other services offered by Audi, including Finance and Insurance. You can also configure your Audi A6 allroad online at audi.co.uk

Get more from this brochure with the free Audi Vision app.

Audi Vision brings our brochures to life through Augmented Reality. It works by recognising images on a page through your device's camera. Suitable for phones or tablets, download it for free from the App Store or Google Play. Once downloaded, simply open the app and scan the cover of your guide. Then look out for any page with the Audi Vision logo, you can then hold your device over the page and watch as you get exclusive access to extra images, information and video content.

Vorsprung durch Technik

Three words that express the very essence of Audi. Vorsprung durch Technik isn't a slogan. It's our way of seeing the world. It is the driving force behind our history of innovation that continues into the 21st century. Indeed, many technologies that Audi pioneered remain in our cars today. Some are milestones in the history of the motorcar. From our beginnings in 1899, to the Auto Union team's Grand Prix successes in the 1930s and our more recent wins at Le Mans, we have always been at the forefront of the motor industry.

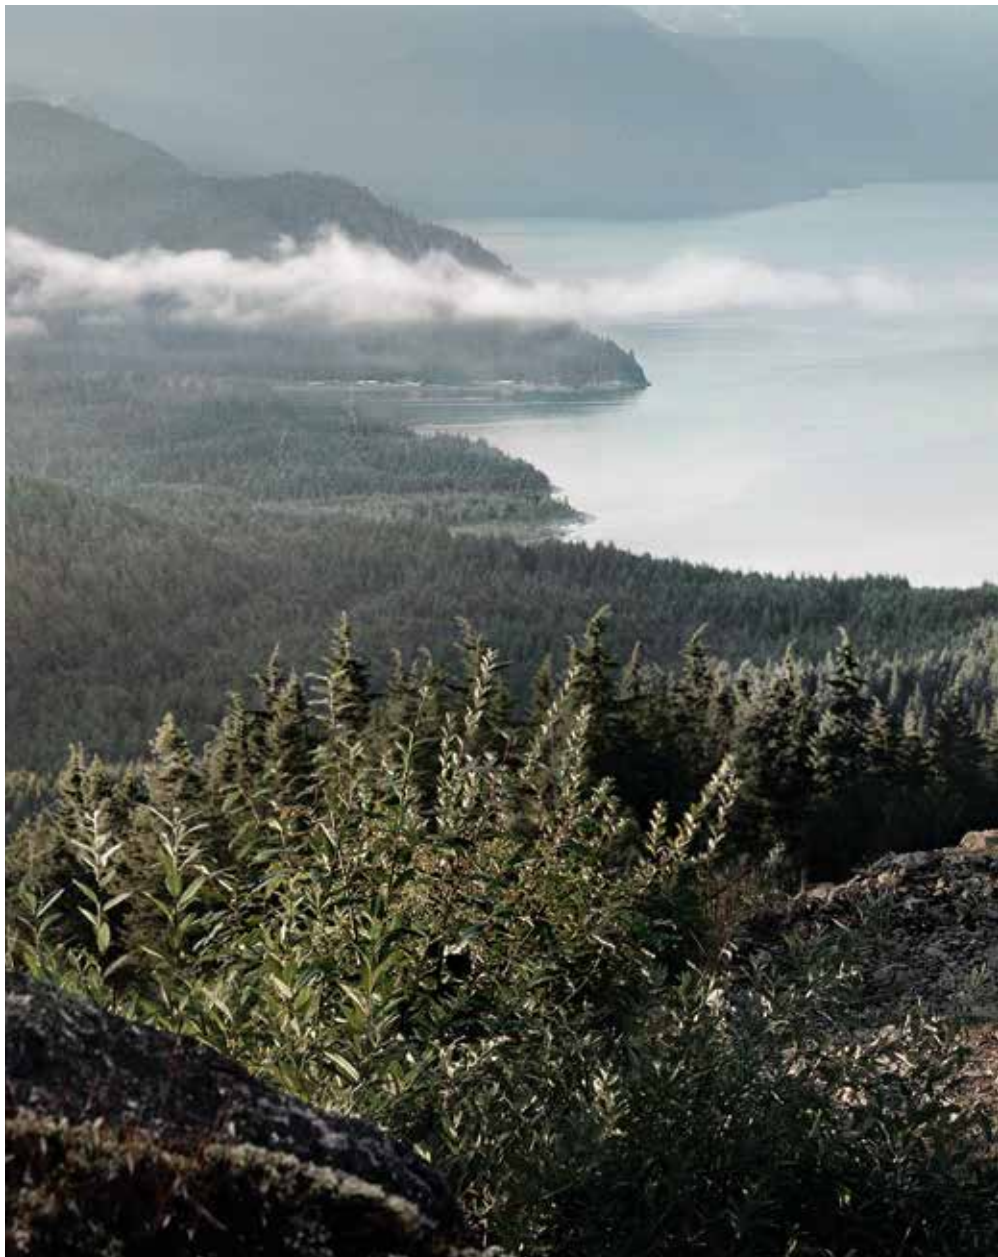
Vorsprung durch Technik makes us who we are. To see more of its influence, just read on.

The Audi A6 allroad

It's all in the name. The Audi A6 allroad is fit for all terrains – rugged or flat, town or country – thanks partly to the extraordinary road-holding of quattro® permanent all-wheel-drive. It maintains the car's traction when the conditions change, keeping you in control on the road. And, of course, off it.

Along with striking 18" alloy wheels and new, sharper, contoured Xenon headlights, the allroad incorporates adaptive air suspension, SD card-based Satellite Navigation, four zone climate control and leather interior.

The A6 allroad also includes a range of new and improved optional technologies designed to help you behind the wheel, like Audi Matrix beam LED headlights which adapt automatically to the car's surroundings, Audi connect that lets you and your passengers access the internet on the move and our top of the range MMI Satellite Navigation which includes picture book navigation.



A heightened driving experience with ultimate control: it's what makes quattro® such a thrilling feature of the A6 allroad.

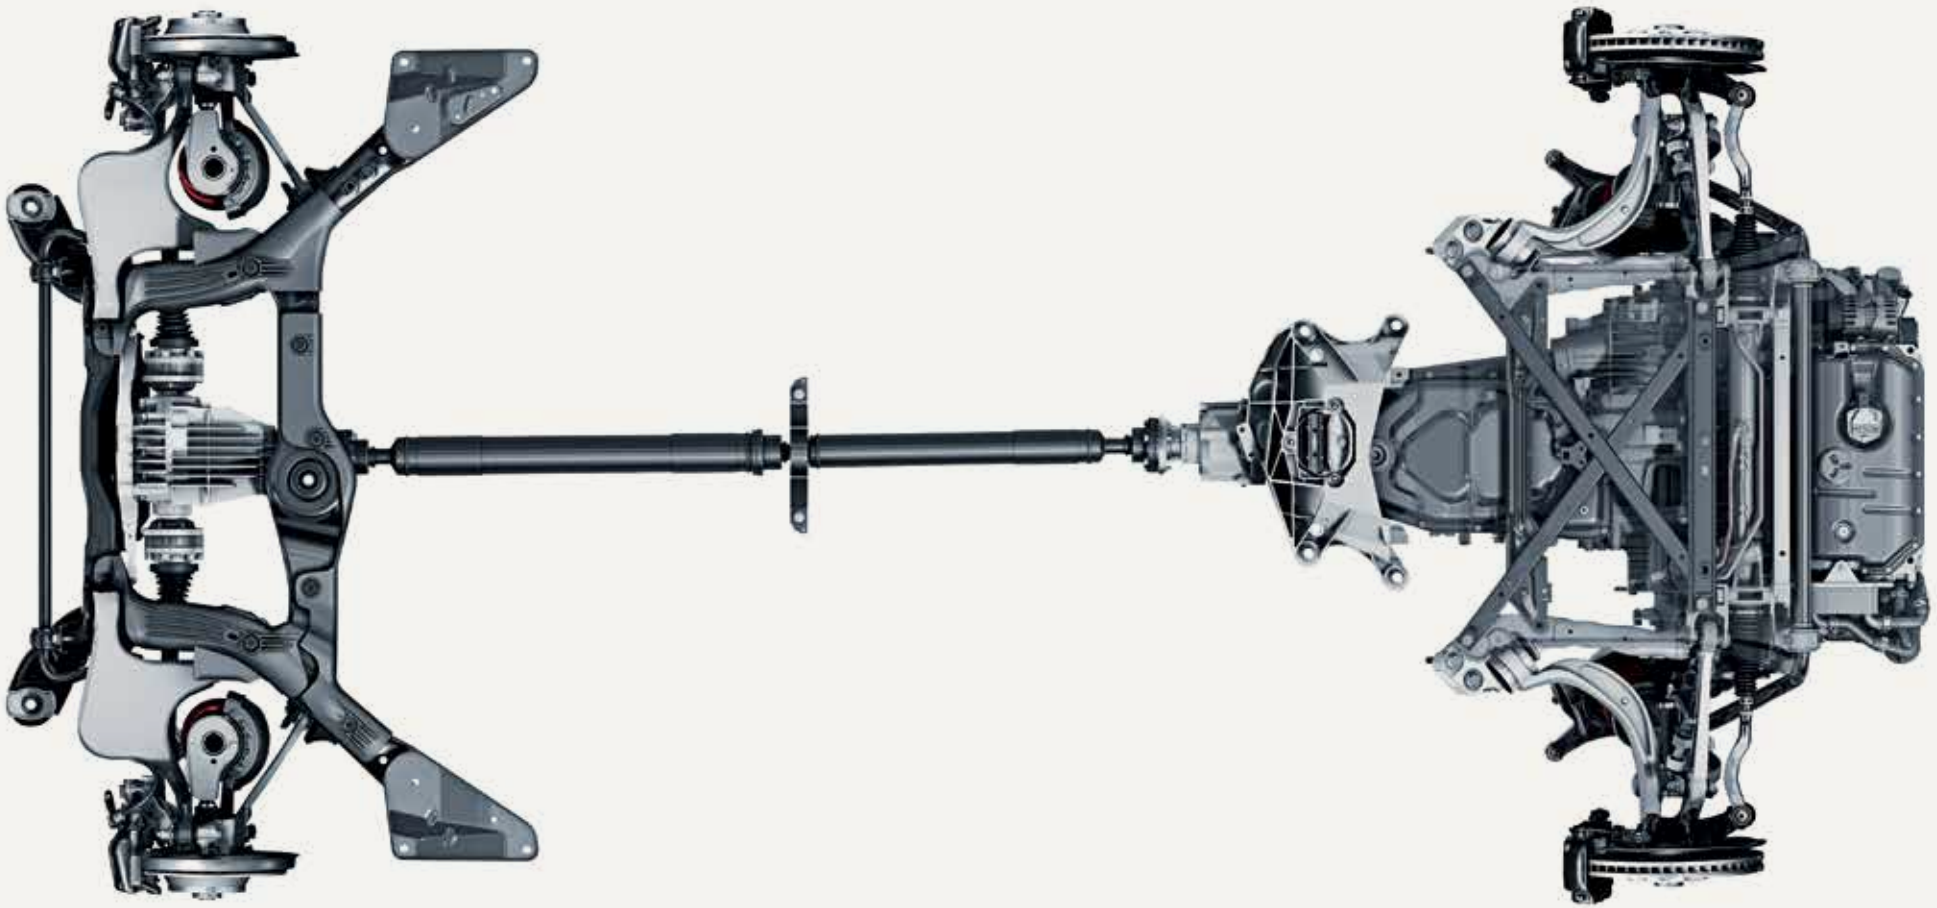
quattro® is Audi's intuitive all-wheel drive system. Constantly analysing grip and distributing power to where it's needed most, the four permanently driven wheels deliver more responsive acceleration and assured grip on all surfaces.

And that's especially true when road conditions change. If one wheel loses traction, quattro® makes sure the others compensate to keep the car in control. Giving you a dynamic driving experience with superior handling – even in less than perfect driving conditions.

quattro® with Sports differential

quattro® is fitted as standard on the A6 allroad and is available with Sports differential as an option that takes the driving dynamics to a whole new level, ensuring outstanding stability and superior acceleration performance.

By distributing torque variably to each of the rear wheels, the car steers even more spontaneously and directly. When cornering, for example, power is redirected to the outside rear wheel, literally pushing the car through the bend. Not only is acceleration more responsive, it requires less steering effort – for a more agile, enhanced drive.



Matrix LED lights

That turn night into day. And more.

Matrix LED headlights don't just produce a light that is similar in colour to daylight, but also incorporate remarkable technology that adapts automatically to the car's surroundings.

Available as an option on the A6 allroad range, sensors and an in-built camera allow Matrix LED headlights to detect near and oncoming lights of other road users, as well as ambient light in built-up areas. The technology then reacts by dipping individual LEDs to prevent dazzle, while still fully illuminating the remainder of the road.

Using the vehicle navigation data, Matrix LED technology can even anticipate corners, adjusting LEDs as you negotiate the bend. The result is a much wider visual range, benefiting both you and other road users. Dynamic sweeping indicators complete the striking look both at the front and rear.

Technology

Technology is advancing at an ever faster pace, and choosing the right technology for your car is an important decision.

Here at Audi, we strive to make that choice as easy as possible, so we have packaged some of our most popular equipment together for simplicity, but also added value. The most popular of which are our Technology pack and Technology pack Advanced, featuring our top-of-the-range HDD navigation and connectivity systems. For further details please see page 40.

MMI Navigation Plus

With HDD-based MMI navigation plus with MMI Touch, you can let yourself be guided to your destination with even greater ease by the 3D map view and 3D displays of places of interest and landmark buildings. Destinations can be entered via speech dialogue, the MMI rotor, or the MMI touchpad which recognises handwriting.

Colour Drivers Information System (DIS)

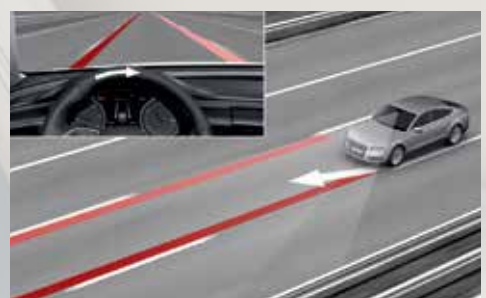
A high resolution 7” colour display located in the instrument cluster provides key information from the driver assistance systems as well as the media in use, telephone menu, gear reference and outside temperature. The Colour DIS can also display information from optional equipment such as Night vision assistant and Audi lane assist.

Audi Phone Box

The most convenient way to both use and charge your mobile phone, simply by placing it in the Audi Phone Box storage compartment in the front centre armrest. Audi Phone Box creates a ‘wireless’ connection to the car for improved reception quality, hands-free facility and voice control.

Audi Side Assist

A clever assistance system for multi-lane roads is Audi side assist which helps alert you to other vehicles in your blind spot when changing lanes. Using radar sensors discreetly hidden in the rear bumper, other vehicles are detected and the driver alerted with a visual warning signal in the door mirror.



Audi Active Lane Assist

An advanced Audi safety system which helps to keep you in lane by means of gentle steering intervention when lane boundary markings are detected. Particularly useful on long motorway journeys is the new active lane centring feature which gives steering assistance to keep your vehicle in the centre of the lane and enhance your driving comfort.

Adaptive Cruise Control with Stop&Go

The Adaptive cruise control with Stop&Go featuring Pre-sense plus is the most innovative of Audi’s driving assist systems. Vehicles ahead are detected by a radar sensor and the distance between the vehicles is kept more or less constant by automatic braking or accelerating. With Pre-sense plus, you add the ultimate in protection with enhanced brake assist functions which can detect and warn of imminent collision threats as well as initiate maximum braking to help avoid or minimise collisions if possible.

Audi

WiFi hotspot
Connects your mobile devices to the internet

Email
Your emails can be transmitted to your Audi MMI and read out conveniently.†

Text messages
Messages are displayed or read out to you; you can also reply using the dictation function.†

Facebook
Brings Facebook messaging to your Audi. With text-to-speech and other convenient text functions

Twitter
Enables you to tweet and receive updates on the move. With text-to-speech and other convenient text functions

Weather information
Gives you forecasts and maps for your chosen destination

Map update online
The map version delivered can be updated free of charge with the first 5 navigation updates which are issued at intervals of 6 months. In conjunction with Audi Connect, the update can be carried out online in the vehicle

News online (individual)
Text and images from your favourite news sources with text-to-speech function

City events
Up-to-date information about events - happening at your destination

Points of interest
Search Google™ using voice control

Traffic information online
Complements the dynamic route guidance with real-time traffic flow information for individual stretches of road

myAudi – special destinations
Import individual point-of-interest (POI) lists to your satellite navigation system via the myAudi portal

Train information
Find departure and arrival times and platform information while you're on the road. (Also available for other types of public transport such as underground systems)

Country specific information
The legal regulations for a specific country, such as speed limits or whether it is compulsory to carry a high-visibility vest or display a motorway toll sticker, are displayed when crossing a border

Picturebook navigation
Uses GPS data from your photos to get you to your destination

Fuel prices
Information on filling stations with the cheapest prices in your selected search area

Parking information
Helps you find car parks nearby and, where available, information on prices and currently vacant spaces

Flight information
Get information about departure and arrival times as well as the corresponding gates and search directly for flight numbers

Access smartphone voice control
Such as Siri (iPhone 4S and higher). By pressing and holding the voice control button on the multi-function leather steering wheel you can access the voice control function of the Bluetooth-connected smartphone directly even while driving

Navigate with Google Earth™ and Google Street View™
Uses high-resolution aerial and satellite images as well as photos to guide you to your destination with ease

Connect

Stay networked on the move.

Being inside your car shouldn't mean losing touch with the outside world. That's why, with Audi Connect, the A6 allroad creates a link between you and the Internet.

With high-speed, 4G Internet access in your car, you can go online to access information, entertainment and Google Earth navigation maps by scrolling, tapping or speaking your commands. Audi Connect can even read aloud your text messages and allows you to dictate a response. And, with a wireless hotspot within the car, passengers can connect up to 8 mobile devices – to browse the Internet, download emails, or access social media.

With Audi Connect, the world is at your fingertips.

Please note that an external data source is required to enable Audi Connect online services.
Terms and conditions apply to certain Audi Connect functions. Please see page 59 for additional information.
†Only available if your mobile phone has the Bluetooth profile MAP (Message Access Profile)

Standard model equipment

All A6 allroad models have the following items of standard equipment

Engine and transmission

Automatic start-stop system with energy recuperation

Efficiency programme – the Driver's Information System (DIS) comes with an efficiency programme which offers up-to-the minute advice on ways to help improve fuel economy as you drive

Recuperation – the kinetic energy produced from braking or coasting is converted into electrical energy and stored temporarily in the battery. When accelerating this energy is used, relieving the load on the alternator and can result in a fuel saving of up to 3%

Wheels, tyres and suspension

18" x 8J '5-arm' design alloy wheels with 235/55 R18 tyres

Adaptive air suspension – the driver can choose between automatic suspension and three further suspension settings which are accessed via the MMI: Comfort, Dynamic and Lift

Audi drive select – with four pre-configured modes (Comfort, Auto, Dynamic and Efficiency), and a further Individual mode allowing the driver to electronically adjust the engine, transmission and steering

Collapsible spare wheel

Lighting

Bi-Xenon headlights. Xenon lights for full and dipped beam headlights, includes LED daytime running lights

LED rear lights

Headlight washer system

Audio and communication

MMI Navigation (SD card based) – including 6.5" MMI colour display with high quality map display, voice control using whole words, dynamic route guidance, additional arrow display in Driver's Information System (DIS)

Mobile telephone preparation – Bluetooth

Audi Music Interface – Universal connection for use with stereo audio sources, USB and MP3 devices including Apple iPod generation 4 onwards (iPod, iPod classic, iPod mini, iPod nano, iPod photo, iPod video, iPod touch). The interface provides charging function (dependent on device)

MMI Radio Plus and DAB – including:
- 2 x SDHC memory card readers (up to 32GB) Single CD player and memory card reader that supports MP3, WMA and AA
- TP memo – automatically saves traffic news when driving

Driver's Information System (DIS) – monochrome display in the instrument cluster. The DIS shows the radio frequency/ station or the song title, outside temperature, trip computer, gear-shift display, telephone menu and a rest recommendation feature which visually and acoustically alerts the driver to take a break when getting tired

Audi Sound System
- 6 channel amplifier
- 180 Watt amplifying capacity
- 10 loud speakers including subwoofer located in spare wheel well

AUX–IN socket

18" x 8J '5-arm' design alloy wheels

Bi-Xenon all-weather headlights – with LED daytime-running lights

Exterior equipment

Exterior mirrors – electrically adjustable and heated

Power-operated tailgate – opening via the remote control key, and when ordered in combination with the Advanced key (PG3) the tailgate will also close remotely. Opening and closing is also possible using the button in the driver's door panel or the soft touch button on the tailgate. Includes a programmable tailgate opening angle and electrically operated luggage area cover. When the tailgate is opened the luggage cover is automatically drawn back along its rails and then returns when the tailgate is closed

Tow bar bracket preparation – the set of parts for retrofitting is available from Audi Accessories (see page 53) or available as an option (see page 47)

Aluminium optic package comprising:
- Aluminium roof rails
- Window capping strips in aluminium
- Door handles with aluminium-look trim

Body-coloured roof spoiler

Body-coloured door mirrors

Safety and security

Electronic Stability Control (ESC)

6 air bags
- Front airbags
- Front side airbags
- Curtain airbags

Seat belt monitoring

Anti-theft alarm

Assistance systems

Audi parking system plus – acoustic and visual park assist system for the front and rear

Cruise control

Light and rain sensor

Tyre pressure loss indicator

Hill descent control with Hill hold assist

Electromechanical parking brake

Keyless go – conveniently allows the engine to be started by simply pressing the start–stop button in the centre console. The key just needs to be carried

Interior equipment

Deluxe 4-zone automatic air conditioning

3-spoke leather trimmed multi-function steering wheel with paddles

Auto-dimming rear-view mirror

Aluminium delta inlays

Aluminium door sill trims with allroad logo

Storage pack comprising:
- 2 x drinks holders in the rear centre armrest
- 2 x 12-Volt sockets in the rear
- Luggage net

Front centre armrest

Front and rear floor mats in black velour

Cloth headlining

Luggage compartment system comprising:
- Rail luggage fixing system
- Dirt-resistant tray
- Double cargo floor
- Lashing points, side restraining straps and bag hooks

Seats

Standard seats in Milano leather upholstery – Includes manual adjustment for seat height, length, backrest angle, head restraint and belt height

Split-folding rear seat backs

ISOFIX Child seat mounting – for front passenger (with airbag deactivation) and outer rear seats. Including Top Tether attachment point for the outer rear seats

3-spoke leather trimmed multi-function steering wheel

Aluminium door sill trims with allroad logo

Packages

Some items work well together, which is why we've created these special packages. They provide increased convenience and value by combining several of our most popular options.

The drivers assistance systems featured on these pages work only within system limits. They assist the driver with driving tasks. However, the driver remains responsible for driving the vehicle and is required to be attentive.

For more information regarding the individual items within these Technology packs please refer to pages 12-15.

Order Code		A6 allroad	Basic RRP	Total RRP inc VAT
WB4	**Technology pack.** Featuring the top-of-the-range navigation and connectivity systems **MMI Navigation Plus.** Includes HDD-based navigation with topographical map display, places of interest and townmodels in 3D. Destinations can be entered via the speech dialogue system or MMI touch. Also includes 8" display, DVD player and 2 SDXC memory card readers **Driver's Information System (DIS) with 7" colour display.** High-resolution TFT colour 7" display in direct field of view of the driver. Shows information from driver assistance systems, media in use, telephone menu, gear, outside temperature and other display content of the MMI such as night vision assistant (if optionally selected) **Audi Connect and Audi Phone Box.** Audi Connect provides access to a number of innovative online services including:navigation using Google Earth images and Google Street View, destination entry via Google Maps or myAudi, online point of interest search and information services such as weather forecasts and the latest world news. Audi Connect can also create a Wi-Fi hotspot in the car for convenient internet access using a mobile device (e.g. laptop or tablet).Audi Phone Box allows phone calls to be made in the vehicle with improved reception quality and charging by placing the mobile phone in the front centre console	•	£1,354.17	£1,625.00
WB7 PCN	**Technology pack advanced.** Features all the content of the Technology pack and adds our latest driver assistance systems for the ultimate innovation **Audi adaptive cruise control with Stop&Go function including pre-sense front.** Automatic distance regulation, using radar sensors to maintain the required distance between vehicles by braking and accelerating. Works at speeds between 0 and 150mph.* Also includes Audi braking guard – a system which triggers a visual and acoustic alarm when it detects the risk of a rear end collision with the vehicle in front. In addition, the airbags are preconditioned if a crash is sensed and the system is prepared to assist with necessary braking force once the brake pedal is touched **Audi side assist including Pre-sense rear.** Aids the driver when changing lane. The system monitors the area behind the car, using radar sensors located discreetly in the rear bumper, informing the driver with a visual warning signal in the door mirror if there is a vehicle in their blind spot or approaching quickly from behind. In combination with Audi active lane assist there is a noticeable steering intervention before veering out of the lane if a lane change is judged to be hazardous due to an approaching vehicle. The steering intervention only occurs if both systems have been activated and ready. (Works at speeds above approximately 37mph) **Audi lane assist.** Helps the driver to stay in lane with gentle steering impulses for greater safety and convenience **Exterior mirrors (6XE).** Heated, electrically adjustable and electrically folding with automatic kerb view function which tilts the passenger mirror downwards towards the kerb when reverse gear is engaged	•	£2,916.67	£3,500.00

Options are subject to availability and may extend delivery.

Load area fixing kit

Headlights

Intelligent technology designed to give you better all-round awareness and safety on the road.

Order Code		A6 allroad	Basic RRP	Total RRP inc VAT
8G1	**High-beam assist –** variable headlight range control featuring a camera on the interior mirror which registers sources of light from other road users. The range and width of the headlight beam are continuously varied between dipped and main beam to suit ambient conditions, ensuring that the headlights provide good visibility without dazzling other road users. Only available in combination with standard Xenon Headlights	•	£116.67	£140.00
PX2	**All-LED headlights including high-beam assist.** LED technology provides lower energy consumption and enhanced contrast with a colour similar to daylight, for increased safety and good recognition by other road users. Includes all-weather light function to reduce the risk of the driver being dazzled when visibility is poor (in fog, rain or snow). Also includes high-beam assist which automatically adjusts headlights from high-beam to dipped-beam when another vehicle is approaching or when other ambient lighting is detected (i.e. street lights) by a camera on the interior mirror. Includes Dynamic rear indicators which dynamically sweep from inside to out within 0.15 seconds. This helps to clearly identify not only that the vehicle is turning but in which direction - increasing road safety as it is easier for other road users to determine which way cars are moving in a shorter amount of time. Not available in combination with Audi Matrix LED headlights (PXC)	•	£1,125.00	£1,350.00
PXC	**Audi Matrix LED headlights –** A direct evolution of Audi's LED headlights, Audi Matrix technology provides maximum and precise illumination at all times without dazzling other road users. The vehicle uses information obtained from multiple sources including the interior mirror camera and navigation system to identify the appropriate lighting required; using GPS data the vehicle will use high beam, but will automatically switch to dipped lighting when entering built up areas; whilst high beam is in use, and oncoming traffic is detected, the Matrix beam dips or fully extinguishes individual lighting diodes. Matrix beam is capable of establishing and tracking multiple road users and illuminating the appropriate corridors of lights either side of them to maintain maximum visibility of the road and surrounding environment without causing disruption to other drivers. Matrix beam technology includes dynamic front and rear indicators which dynamically sweep from inside to out within 0.15 seconds. This helps to clearly identify not only that the vehicle is turning but in which direction - increasing road safety as it is easier for other road users to determine which way cars are moving in a shorter amount of time	•	£2,083.33	£2,500.00

KS1	**Head-up display.** An optical system of mirrors projects driving-related information directly into the driver's field of vision. To prevent ghost images, a special windscreen with a wedge-shaped film is fitted. This film measures approximately 26 x 9cm in size, and the driver perceives the display to be 2 to 2.5m beyond the windscreen. The display has many benefits: - Helps to increase safety, convenience and driving pleasure - Straightforward operation via MMI - Display is height-adjustable, adjusts to ambient brightness - High resolution of up to 480 x 240 pixels - The following are displayed, however some are dependent on additional options being chosen: - Road speed - Navigation instructions - Adaptive cruise control status, distance from vehicle ahead and set speed (optional) - Warning messages from optional night vision assistant (optional) - Infotainment lists - Audi active lane assist (optional) - Speed limit display (optional)	•	£1,033.33	£1,240.00

Order Code		A6 allroad	Basic RRP	Total RRP inc VAT
9R1	**Night vision assistant.** Assists the driver when driving at night by displaying a thermal image of the surroundings. People and large wild animals are highlighted in yellow in the colour display of the driver information system. If the system determines from their position that there is a potential risk, the marking changes to red, a warning triangle appears and a warning tone is emitted. Warning can also be shown in the Head-up display (KS1) if ordered. In combination with Audi Matrix LED headlights (PXC), LED headlights (PX2) or High Beam Assist (8G1) the highlighted person is also illuminated with 3 successive brief flashes of the headlight. System operation maybe restricted in too much ambient light, high humidity and high night temperatures (Over 28°C). Only in combination with Technology Packs (WB4/WB7)	•	£1,458.35	£1,750.00
PG3	**Advanced key.** Access and authorisation system that works through automatic data exchange between key and vehicle, allowing the driver to keep their car key in their pocket or bag at all times. To unlock and open, simply lift the exterior door handle. The door is locked by pressing the button on the handle. Pressing the start/stop button integrated in the centre console starts and stops the engine	•	£625.00	£750.00
4X4	**Rear side airbags.** For the outer rear seats, incorporated into the seat backrests; supplements the side impact protection in the doors and the standard airbag systems	•	£312.50	£375.00
7G9	**Tracking preparation.** Fitting for the connection of a tracking assistant, which enables the vehicle to be located if stolen. Please contact your local Audi Centre for full details	•	£91.67	£110.00

Looking after your Audi

When you've chosen your ideal model, it's reassuring to know that it will remain in safe hands. That's why we've created products to protect your Audi, from extended warranties to Audi Complete – our comprehensive service and maintenance package. And there's also a range of Audi accessories and merchandise to choose from, enabling you to further enhance and safeguard your car.

Audi Complete

Audi Complete is simply a way to look after the servicing and maintenance costs for your Audi in a single package. You pay a one-off or monthly fee and we'll cover all your servicing, maintenance and tyres for the next three years including your MOT.
It means you only have to pay for fuel, insurance and your Road Fund Licence. So you can be reassured that your car will be maintained by trained Audi Technicians, using genuine Audi parts. You can also opt for our Service only or Service and Maintenance packages if you prefer.

*Retail customers only. Pricing correct at time of print and based on a 3 years/30,000 miles agreement. All pricing is a 'starting from' price for the Audi A6 allroad model range and is therefore subject to change and mileage/model dependent. If you drive under 10,000 miles per annum your vehicle will be placed on a fixed inspection service schedule. If your mileage tends to exceed 10,000 miles per annum it will be placed on the Flexible Service schedule.

Accessories

Choosing an Audi isn't just a matter of deciding on the model you want; it's about creating a car that suits your needs perfectly. And that's why we've developed a whole range of accessories to enhance your A6 allroad, enabling you to customise it down to the last detail. Like your Audi, all these accessories are developed to the highest possible standards. They're all available exclusively from Audi. To find out more, just visit your local Audi Centre.

Warranty

All of the accessories available on the A6 allroad are covered by a three-year warranty* if they are ordered and included in the purchase price of the car at date of delivery. Any accessories ordered and installed after delivery include a two-year warranty.*

*Excluding Road Angel products.

Audi Accessories warranty terms and conditions can be found at audi.co.uk

Merchandise

From the enthusiasts' motorsport collection to the sophisticated Audi collection, there's a wide variety of adults' and children's clothing, lifestyle accessories and collectables, all of which bear the Audi name.

Please speak to a member of our team at your local Audi Centre to see the full Audi collection and to place an order. A selection of Audi merchandise is also available to buy from **audi.co.uk/merchandise**.

The Audi Difference

The experts in Vorsprung durch Technik

Our Audi Approved Master Technicians have undergone an impressive 100,000 hours of training over a 10-year programme to ensure they have the latest technical expertise for maintaining and servicing your Audi. All our Service Advisors undergo a specialist induction and training to ensure they are Audi professionals and able to talk to you about any issues you may have with your Audi vehicle.

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you enhance the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

We offer two different schedules: the fixed Inspection Service and the Flexible Service schedule. The conventional fixed Inspection Service schedule has fixed intervals for the Oil-change Service and Inspection Service, which are determined by time and distance.

With the Flexible Service schedule, the Inspection Service intervals are also fixed but the Oil-change Service intervals are variable. Sensors take account of driving style and conditions to determine when the Oil-change Service is required and the driver is informed via the on-board service interval display.

The choice of Service Schedule will depend on journey type and mileage as well as individual driving style and conditions. The table to the right can be used for guidance but your Audi Centre will help you to determine the most suitable Service schedule for you based on your individual circumstances and preferences.

Fixed Inspection Service Schedule

	Vehicle usage:
Mileage	Less than 10,000 miles per annum Mainly city/town centre driving. Short journeys.
	Service Intervals:
Oil-change Service	Fixed to every 9,000† miles/1 year
Inspection Service	Fixed to every 19,000† miles/2 years

Flexible Service Schedule

	Vehicle usage:
Mileage	More than 10,000 miles per annum Motorway and main road driving. Mainly longer distance journeys. Constant speeds.
	Service Intervals:
Oil-change Service	Variable to a maximum of every 19,000† miles/2 years
Inspection Service	Fixed to every 19,000† miles/2 years

When a vehicle is frequently used in the following conditions, we recommend a Fixed Inspection Service Schedule, regardless of mileage:

Uneconomical driving styles, e.g. heavy acceleration and braking, constant use of high revs

High engine-loading conditions, e.g. frequent towing and hill climbs

†As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Your convenience comes first

At Audi you can choose from a range of convenient services that suit your needs. Why not book a 'service while you wait' appointment* and enjoy our complimentary refreshments while your car is with us? Or, if you need to be mobile, take advantage of one of our courtesy cars which we can even deliver to you.* We guarantee we can service your Audi within 5 days without a courtesy car or within 10 days if you need transport. We will also ensure your car is returned to you with a full valet.

Audi Genuine Parts

You can rest assured that only Audi Genuine Parts will be used on your vehicle. What's more, Audi parts and labour come with a 2-year guarantee.**

No hidden costs

We believe strongly in transparency when it comes to our prices. For added peace of mind, we will give you a quotation over the phone for the work you have requested and email you the price confirmation. We'll consult you if any additional work on your car is needed when it is with us. We won't carry out any extra work without asking your permission first.

All part of the service

Whenever we see an Audi for a service, we connect it directly to our headquarters in Ingolstadt which enables us to check your car's software and make sure it's as up-to-date as possible. If the factory has released a software upgrade for your model, it can be applied immediately – improving anything from your car's efficiency to the precision of its parking system.

Audi Roadside Assistance

Your new car comes complete with 3 years' complimentary roadside assistance and recovery across the UK, provided by Automobile Association Insurance Services Limited. Also included is roadside assistance throughout Europe, managed by Automobile Association Insurance Services Limited.

For further information and terms and conditions please visit audi.co.uk

*Subject to availability.

*Electronically limited

^The addition of AdBlue technology ensures compliance with EU6 emission standards

†Highest insurance group rating shown. Group may be lower dependent on trim level. Please visit www.thatcham.org/abigrouprating for details.

[1]The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

[2]Fuel consumption and CO_2 emissions figures are obtained under standardised test conditions (Directive 93/116/EEC) using a representative model. This allows direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available at www.dft.gov.uk/vca

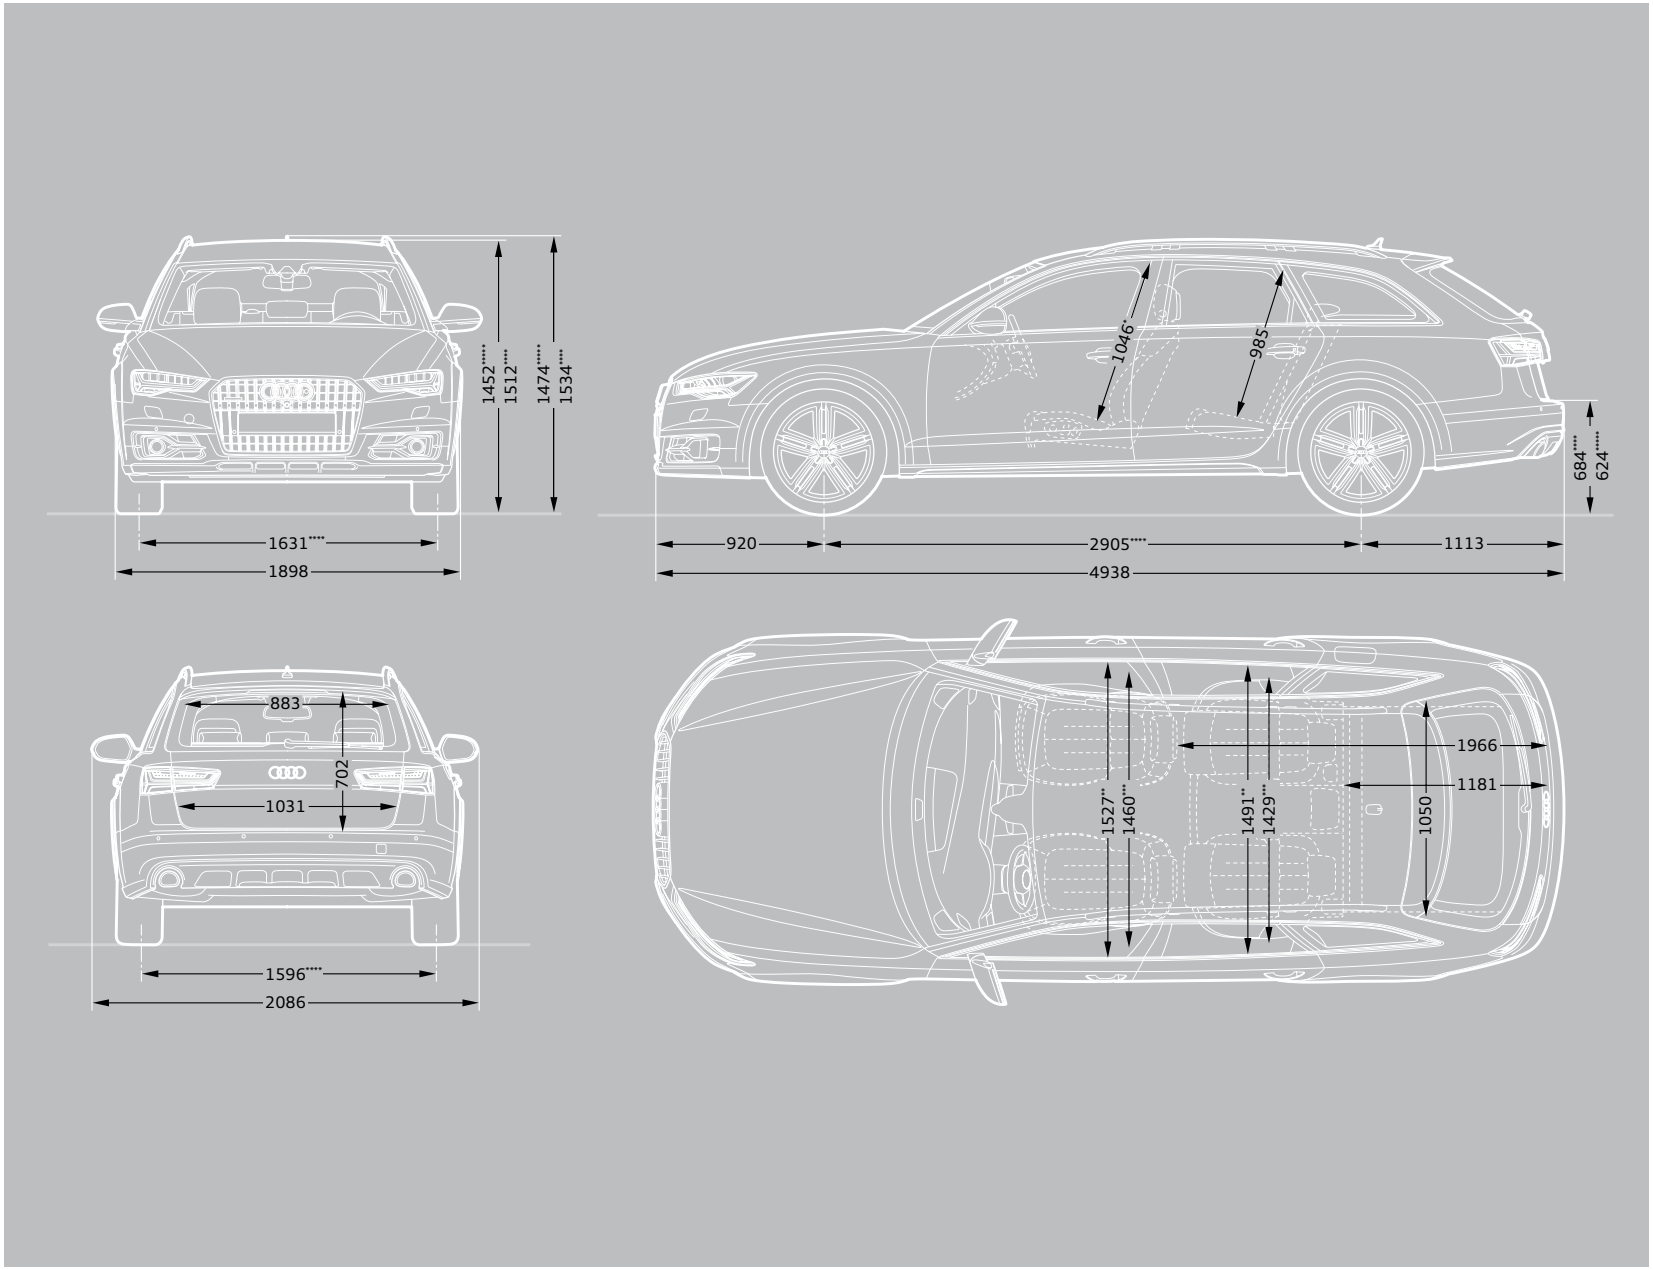
[3]Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

[4]The engine's power output always goes down with increasing altitude. At 1,000m above sea level, and for every additional 1,000m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle).

Please note: The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of brake horsepower). To convert to brake horsepower, divide the PS figure by 1.0139.

A6 allroad dimensions

The technical drawings opposite show the exact dimensions of the A6 allroad, so you can check everything – from whether the car will fit in your garage to whether your luggage will fit in the boot.



Dimensions measured with vehicle at unladen weight.

Turning circle approx 11.9m.

Dimensions in millimetres.

Pricing and Additional information

Welcome to Audi

By placing an order for your Audi, you're choosing to get behind the wheel of one of the most sophisticated cars on the road. And because we believe the service we offer should be just as advanced, we want to let you know exactly what you can expect from us, now and in the future.

We've agreed a set of standards with all our Centres which governs the way we do business with you. It outlines the kind of service we promise to deliver for every customer, right down to filling each new Audi we sell with half a tank of fuel.

So whether you're interested in the date your car will arrive in the UK or the way we'll dispose of non-biodegradable materials after we service your Audi, you can have total confidence in us.

Audi Promise

Audi Centres

We guarantee that all our Centres will be open as follows:

Sales: Monday to Friday 9am–6pm
Saturday 9am–5pm

Service: Monday to Friday 8am–6pm
Saturday 8.30am–1pm

Sunday opening is at local discretion.

New car delivery

Once we've confirmed a delivery date for your car, we'll keep you informed of progress. Subject to reasonable notice, we'll then deliver it to a place of your choice, whether that's your home or work. In the unlikely event of a delay, we'll provide a courtesy car to minimise inconvenience and keep you mobile.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 20%, but this may alter to reflect any change in the applicable VAT rate.

Delivery charges and number plates are not included in the vehicle price.

Delivery charge	£471.66
Number plate	£20.00
VAT	£98.34
Total	£590.00

Audi Customer Care

Every new Audi benefits from the comprehensive Audi Customer Care Package, which comprises:

- A 3-year Audi warranty, which covers you for unlimited mileage in the first 2 years of ownership, with a full mechanical and electrical warranty which covers you for up to 60,000 miles in the 3rd year
- A 3-year paint warranty
- A 12-year anti-corrosion warranty
- 3 years' UK roadside assistance and recovery

You also have the option when ordering your new car of choosing a 4-year or 5-year Audi warranty. Speak to a member of the sales team for more information.

Audi tax-free sales

If you are entitled to purchase a vehicle free of VAT, normally through military or diplomatic privilege, please contact your local Audi Centre for full details.

Should you have any difficulty obtaining the information you require, please call 01908 548 356.

Audi Finance

Audi Finance specialises in providing funding solutions for Audi drivers. Whether your Audi is for private or business use, there is a range of funding options to choose from.

Below is the full range of finance products, which comprises:

- Solutions – a Personal Contract Plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all products, you can choose a fixed-cost maintenance plan designed to help you budget accurately.

No matter which Audi model you choose, your local Audi Centre can provide you with a personalised quote designed to fit your budget and motoring needs.

Audi Finance is a trading name of Volkswagen Financial Services (UK) Limited. An offer of finance depends on certain conditions. Available to people over 18 in the UK only.

Audi Insurance

We want you to start enjoying your new car from day one and thanks to Audi Insurance complimentary 7-day cover, you can. Call free on 0800 316 7893 (lines are open Monday to Friday 8am–9pm, and Saturday 9am–5pm), provide a few details and a cover note will be sent to your Audi Centre. They will then tax your car and you can drive it away.

Audi Insurance is a trading name of Volkswagen Insurance Service (Great Britain) Limited, an appointed representative of Volkswagen Financial Services (UK) Limited, Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR. Registered in England number 2835230. Audi Insurance is sold, underwritten and administered by Allianz Insurance plc registered in England number 84638. Registered office 57 Ladymead, Guildford, Surrey GU1 1DB. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are authorised and regulated by the Financial Conduct Authority. Volkswagen Financial Services (UK) Limited and Allianz Insurance plc are not part of the same corporate group.

CO_2 data and information

CO_2 emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO_2) a vehicle emits, measured in grams per kilometre (g/km). First year VED rates apply to the first year of ownership. Annual VED rates apply thereafter. The DVLA has created thirteen categories:

Petrol and Diesel engines	First year	Annual rate (second year onwards)
A – up to 100g/km	£0.00	£0.00
B – 101 to 110g/km	£0.00	£20.00
C – 111 to 120g/km	£0.00	£30.00
D – 121 to 130g/km	£0.00	£110.00
E – 131 to 140g/km	£130.00	£130.00
F – 141 to 150g/km	£145.00	£145.00
G – 151 to 165g/km	£180.00	£180.00
H – 166 to 175g/km	£290.00	£205.00
I – 176 to 185g/km	£345.00	£225.00
J – 186 to 200g/km	£485.00	£265.00
K – 201 to 225g/km	£635.00	£285.00
L – 226 to 255g/km	£860.00	£485.00
M – over 255g/km	£1,090.00	£500.00

Vehicle Excise Duty (VED) rates correct at time of going to print, but these may alter to reflect any change in the applicable VED rate.

Audi Connect

An external data source is required to enable Audi Connect online services. One of the two can be used:

1. A mobile telephone with Bluetooth SIM Access Profile – to check the compatibility of your mobile phone and whether it has SIM Access Profile compatibility, please visit www.audi.co.uk/phonecompatibility
2. A separate SIM card which can be inserted in the included SIM card reader. When a separate SIM card is used, hands-free phone calls are possible using the SIM card or by connecting a different mobile telephone via Bluetooth Hands Free Profile

Online services are only available for mobile phone contracts or SIM cards which include a data option with the use of LTE, if LTE usage is required. Online services will only be available within the coverage of the mobile phone network; there may be additional costs for the use of these services (charges and billing correspond to the personal mobile phone contract or SIM card contract). Due to high data volumes, a mobile phone contract including an unlimited or high usage data plan is strongly recommended. The content and scope of the online based services offered may vary.

The Audi Connect services are provided for at least one year from vehicle delivery. After 24 months from delivery of the vehicle, the term of the Audi Connect services will be extended free of charge once for 12 months.

Audi Connect enables access to the services of Facebook, Google and Twitter. Permanent availability cannot be guaranteed as this is the responsibility of Facebook, Google and Twitter.

Please note that the services received are also dependent on the capability of your mobile phone.

Google and the Google logo are registered trademarks of Google Inc.

The availability of services supported by Audi Connect varies from country to country.

Online Map updates

The map version delivered can be updated with the first 5 updates which are issued at intervals of 6 months. The Current navigation data can be downloaded from the myAudi Platform at www.audi.com/myaudi and installed in the vehicle via SD card. In conjunction with Audi Connect, the update can be carried out online in the vehicle. In addition it is possible to have the new navigation data installed by an Audi partner at extra cost.
